Att: [redacted]

General Counsel

Allowances for Military Personnel Detailed to Duty with CIA

1. Your memorandum of 24 March on the above subject requested our comments.

2. We have had some extended discussions and it is my understanding that this matter is pretty well in hand, at least so far as Army officers are concerned. If I am correct, no further comment is needed, but please let me know if there are points on which we could be of assistance.
